10th Annual Dragon Boat Festival

You won't be able to train these dragons

There's lots to see in and out of the water at the **10th Annual Dragon Boat Festival**. The boats themselves are rather tame, just a small dragon head and a bit of a fiery tail at either end of a 40-foot-long Hong Kong-style boat carrying a crew of 22, including a drummer. The water will be filled with teams in colorful uniforms trying to take the title.
